TEXAS JUDICIARY LEGISLATIVE UPDATE  
TEXAS JUDICIAL COUNCIL

Increasing Compliance with Court Costs and Fees

Addressing Mental Health

Strengthening Court Security

Improving the Guardianship System

Funding the Judiciary

The 85th Legislative Session was one of the most active sessions for the Texas Judiciary in recent years. More than 1700 bills were filed that had a direct impact on the third branch of government. The Office of Court Administration also analyzed and drafted 1181 fiscal notes for the Legislative Budget Board. The Texas Judicial Council, the policy making body for the Judiciary, had a full legislative package and found success in multiple policy areas.

### INCREASING COMPLIANCE WITH COURT COSTS AND FEES

In his 2017 State of the Judiciary speech, Texas Supreme Court Chief Justice Nathan L. Hecht discussed what is commonly known as “debtors’ prisons,” the practice of jailing criminal defendants for being unable to pay their fines and court costs. He said debtors’ prisons are not only illegal under the United States Constitution, they also keep people “from jobs, hurts their families, makes them dependent on society and costs taxpayers money.” The Legislature agreed and passed **SB 1913**. The bill makes statutory changes to improve the assessment and collection of criminal court costs including:

- ✦ Requiring judges handling cases in open court to ask about a defendant’s ability to pay when imposing the sentence and to use existing tools of installment plans, community service, full or partial waiver, or any combination of those, if a defendant has an inability to pay in full;
- ✦ Expanding community service options a judge may impose;
- ✦ Increasing the minimum amount of credit for jail or community service from \$50 to \$100 for each day; and
- ✦ Prohibits the posting of a monetary bail in a fine-only offense unless the defendant fails to appear and the judge finds that the defendant can post bail.

### ADDRESSING MENTAL HEALTH

More than 20 percent of the inmate population in Texas needs mental health services. With that sobering statistic in mind, the Judicial Council made several legislative recommendations to improve the administration of justice for those suffering from or affected by mental illness. While several bills were filed that addressed mental health, the Judicial Council’s recommendations passed both chambers in **SB 1326** and **SB 292**. The bills make several statutory changes including:

#### SB 1326

- ✦ Revises the process of gathering and assessing information about an arrestee who may have a mental illness in the magistration process;
- ✦ Streamlines the competency restoration process; and
- ✦ Authorizes counties to establish jail-based competency restoration programs.

#### SB 292 – Jail Diversion Grant Programs

- ✦ The grant program was created for the purpose of reducing recidivism, arrest, and incarceration of individuals with mental illness. The program is funded by matching funds from the state and counties.

## STRENGTHENING COURT SECURITY

On the night of November 6, 2015, Travis County District Judge Julie Kocurek was shot in her driveway, shortly after returning home with her family from a football game. Judge Kocurek was hospitalized for several months recovering from injuries from the attempted assassination before she returned to the bench on February 29, 2016. One of the three individuals connected with the shooting had a probation revocation proceeding pending in Judge Kocurek’s court at the time of the shooting. While this horrible event was not the first court security incident to occur in Texas, it reminded the judiciary of the importance of ensuring that judges and court personnel are protected. The Legislature enacted several court security changes recommended by the Judicial Council in **SB 42 – *The Judge Julie Kocurek Judicial and Courthouse Security Act of 2017***. The changes include:

- ✦ Establishing a Director of Security and Emergency Preparedness at OCA;
- ✦ Requiring municipal judges and local administrative judges to establish court security committees;
- ✦ Certification of court security personnel;
- ✦ Changes to statutes impacting judges’ personal security and privacy; and
- ✦ Clarifying that law enforcement has authority to protect threatened judges when necessary.

## IMPROVING THE GUARDIANSHIP SYSTEM

During the 84th Legislative session, lawmakers made several improvements to the guardianship system in our state and the 85th Legislature continued to build on that work. With the senior population in Texas expected to triple by 2050, the Judicial Council made recommendations to the Legislature to protect some of our most vulnerable citizens. SB 1096 and SB 36 contain those recommendations. They include:

### SB 1096

- ✦ Requires all guardians other than attorneys, corporate fiduciaries, and certified guardians, to receive training, undergo a criminal history background check and register with the Judicial Branch Certification Commission (JBCC); and
- ✦ Authorizes the creation of a statewide guardianship registry available for query by law enforcement.

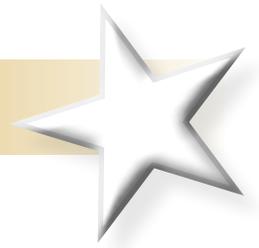

### SB 36

- ✦ Expands Judicial Branch Certification Commission’s authority to regulate guardianship programs.
- ✦ OCA anticipates less than 30 programs will be registered with the commission.

The 85th Legislative session resulted in a number of other new laws of interest to the judiciary. The following report briefly summarizes new legislation directly impacting the Texas court system, judges, clerks, and other judicial actors. No attempt is made to cover substantive areas of the law in detail. We hope the report will be a useful resource for the judicial and legal community and all those interested in the administration of justice.

The Texas Judicial Branch courts and agencies collectively submitted a total biennial budget request of \$656.8 million in all funds, which included a 4% reduction from the 2016 – 2017 budget. Exceptional Item requests totaled \$252.7 million.

The Conference Committee Report for Senate Bill 1 (CCR SB1) approved by the 85th Legislature appropriated a total of \$699.5 million to the Judicial Branch courts and agencies. This figure includes the contingency riders, excludes employee benefits and includes interagency contract funding. This funding level is an additional \$17.3 million or 2.5% higher than baseline budgets for 2016-2017. CCR SB1 provides a total of 1,476.9 FTEs, a slight drop from the 2016-2017 levels. The entire budget for the third branch of government makes up 0.4% of the state budget of Texas.
