

IN THE SUPREME COURT OF TEXAS

Misc. Docket No 20-9060

THIRTEENTH EMERGENCY ORDER REGARDING THE COVID-19 STATE OF DISASTER

ORDERED that:

1. The Court, in consultation with the Board of Law Examiners (“Board”) and the deans of Texas law schools, has determined that the Board should administer the Texas bar examination as scheduled on July 28-30, 2020, subject to change based on state and local orders and the guidance of public health authorities. The Board is consulting with public health authorities regarding best practices for administering the examination safely and will continue to do so.

2. In light of uncertainty regarding the duration of the COVID-19 pandemic and the extent to which public health may require the continuation of measures (such as social distancing and limitations on maximum group size) to impede the spread of the virus, the Court has determined that the Board should also offer an administration of the Texas bar examination on September 9-11, 2020.

3. The Court recognizes that disruptions to personal and professional lives caused by the pandemic may result in some applicants not having sufficient time or resources to prepare and sit for the July bar examination, and that some applicants may no longer wish to take the July bar examination due to personal health considerations. Any applicant who timely registers for the July bar examination but who wishes to take the September bar examination, take a future bar examination in Texas, or withdraw registration will be permitted to change or withdraw his or her registration under procedures established by the Board. The applicant’s fees are valid for the September administration, a future administration in Texas, or an application for admission based on a transferred Uniform Bar Examination (“UBE”) score, and the fees will be transferred.

4. In the event guidance from public health authorities dictates that the Board cannot safely test in July all applicants who timely register for and wish to take the July bar examination, the Board will prioritize applicants based on registration date. If an applicant is not permitted to take the July bar examination, the Board will automatically register the applicant for the September administration and transfer his or her fees, unless the applicant requests (on or before a date set by the Board) to change or withdraw registration and transfer the fees to a future administration in Texas or to an application for admission based on a transferred UBE score. The Board may establish more specific procedures.

5. The Board will also establish procedures for new applicants, who do not timely register for the July bar examination, to register for the September bar examination.

6. The Board reports that it will likely release scores from the September bar examination within three weeks after it would normally release scores from the July bar examination.

7. The Court is mindful that any delay in licensure will have consequences for the livelihoods and careers of recent law school graduates. Accordingly, after consultation with the State Bar of Texas, the Board, and Texas law school deans, the Court repeals the *Rules and Regulations Governing the Participation of Qualified Law Students and Qualified Unlicensed Law School Graduates in the Trial of Cases in Texas*, promulgated in conjunction with the State Bar of Texas in 1978, and adopts updated *Rules Governing the Supervised Practice of Law by Qualified Law Students and Qualified Unlicensed Law School Graduates in Texas* (“Rules”).

8. The Rules are adopted pursuant to Section 81.102(b) of the Texas Government Code.

9. The Rules are effective May 18, 2020, but they may be changed in response to public comment and as rapidly changing circumstances warrant. Written comments should be sent to rulescomments@txcourts.gov by May 18, 2020.

10. The Rules apply to qualified law students and qualified unlicensed law school graduates who have already obtained a supervised practice card under the repealed *Rules and Regulations Governing the Participation of Qualified Law Students and Qualified Unlicensed Law School Graduates in the Trial of Cases in Texas*. Such students and graduates need not reapply for a supervised practice card but must supplement their files by August 1, 2020, on a form prescribed by the Board, with an updated certification under Rule III(A)(1). Graduates must also supplement their files to show that they meet the new eligibility requirement in Rule II(C)(3). The

State Bar of Texas must not charge any fees for such students and graduates to supplement their files.

11. On a temporary basis, Rule IV(B)(1) is relaxed for 2019 law graduates, as well as for graduates in prior years who have been serving as judicial law clerks, to the extent it prohibits those graduates from obtaining or maintaining a supervised practice card because they are approaching or have passed the 14-month anniversary of their graduation. Those graduates are permitted, on a temporary basis, to engage in the activities permitted under the Rules—provided that they meet all other requirements and obtain a supervised practice card—until the earlier of July 1, 2021, or the occurrence of another terminating event in Rule IV(B).

12. The Clerk of the Supreme Court is directed to:

- a. post a copy of this Order on www.txcourts.gov;
- b. file a copy of this Order with the Secretary of State; and
- c. send a copy of this Order to the Governor, the Attorney General, and each member of the Legislature.

13. The State Bar of Texas is directed to take all reasonable steps to notify members of the Texas bar of this Order. The Texas law school deans are requested to take all reasonable steps to notify their affected students of this Order.

D. The supervising attorney must also immediately notify the Board of Law Examiners if the attorney has knowledge the qualified law student or qualified unlicensed law school graduate does not possess the present good moral character and fitness required to practice law.

Rule IX. Compensation

A qualified law student or a qualified unlicensed law school graduate must not directly charge a client for his services or claim or receive a percentage fee, contingency fee, or origination fee; however, nothing in these rules is intended to prevent the qualified law student or qualified unlicensed law school graduate from being paid for his services by his supervising attorney, or to prevent a supervising attorney from charging a fee for the services rendered under his supervision.

Rule X. Miscellaneous

A. Nothing contained in these rules affects the right of any person who is not admitted to practice law to do anything that he might lawfully do prior to the adoption of these rules.

B. The rules of law and evidence relating to privileged communications between attorney and client shall govern communications made or received by qualified law students or by qualified unlicensed law school graduates certified under the provisions of these rules.
