

Pre-implementation 120-day Collection Rate Review Wise County

The Office of Court Administration has completed a Pre-Implementation Collection Rate (PICR) Review of the Wise County (County) Court Collection Program. The objective of this review was to determine the 120-day collection rate of court costs, fees, and fines pursuant to Article 103.0033(f) of the Code of Criminal Procedure. The review covers the County's Fiscal Year 2012 (October 1, 2011 – September 30, 2012).

Please note: the PICR Review is not an audit and does not measure compliance with program requirements. The purpose of the review is to determine your 120-day collection rate prior to the implementation of your Court Collection Improvement Program and is for informational purposes only.

As a result of the review, the following information was determined:

120-day Collection Rate	75.78%
Collections - first 30 days	72.78%
Collections - days 31 - 60	1.69%
Collections - days 61 – 90	.42%
Collections - days 91 – 120	.89%

In addition, through the course of the review, the following information was obtained:

Percentage of jail time credit	5.87%
Percentage of other waivers	4.52%
Total percentage of court costs, fees, and fines satisfied	86.17%
Percentage of people that paid immediately	58.31%

OBJECTIVE, SCOPE, AND METHODOLOGY

Objective

The PICR Review is conducted to determine the Collection Program's 120-day collection rate on court costs, fees, and fines assessed on persons who have been convicted of crimes within the courts served by the program.

The PICR Review is performed for informational purposes only, and the scope of work performed does not constitute an audit under Generally Accepted Government Auditing Standards. Further, the PICR Review does not measure compliance, and has no effect on the compliance requirements of Code of Criminal Procedure, Article 103.0033(j).

Scope

The scope of the review involves cases that were adjudicated in the County during the County's fiscal year 2012 (October 1, 2011 – September 30, 2012).

Methodology

1. Obtained cases with convictions or deferrals for the review period. The County provided a list of 14,344 cases that met this description. 1,334 cases for County Court at Law, 624 cases for District Court, 2,488 cases for Justice of the Peace, Precinct 1, 5,804 cases for Justice of the Peace, Precinct 2, 2,490 cases for Justice of the Peace, Precinct 3, and 1,604 cases for Justice of the Peace, Precinct 4.
2. Calculated the sample size needed to produce a statistically valid, random sample at a 90% Confidence Rate with 10% Margin of Error. The calculation applied to a population of 14,344 records resulted in a sample size of 180 records.
3. Examined the 180 sampled cases to determine the assessment date of the case, and reviewed collection and credit information during the first 120 days after the assessment date. In addition, a determination was made as to whether the defendant paid the total amount assessed immediately upon its becoming due.
4. Calculated an overall pre-implementation collection rate pursuant to Code of Criminal Procedure, Article 103.0033(f). The rate was calculated by dividing the total dollar amount collected in the first 120 days for the sampled cases by the total amount assessed for the sampled cases.
5. Calculated collection rates at 30-day intervals by dividing the total dollar amount collected during each interval for the sampled cases by the total amount assessed for the sampled cases.
6. Calculated rates for jail time credits, community service credits, and other waivers by dividing the total dollar amount for each type of credit for the sampled cases by the total amount assessed for the sampled cases.
7. Calculated the percentage of defendants who pay their total assessment of court costs, fees, and fines immediately by dividing the count of these defendants by the total number of cases in the sample (180).
