

Frequently Asked Questions – XML Report Submissions

How do I upload my monthly data instead of typing it into the system?

Your information technology (IT) staff or vendor will need to create the XML file for you. Instructions for creating the XML file are posted at <http://www.courts.state.tx.us/oca/required.asp>.

Once a file has been created, it will need to be tested to determine whether it is formatted properly.

How do I test my new XML file?

Before submitting a report for the first time, the XML file should be tested to make sure that it is formatted properly. To test an XML file, you or your vendor should upload the file into the XML tester at <http://xml.card.txcourts.gov/>.

This feature will determine whether the file is properly formed XML. However, it does not analyze whether the information within the file is accurate, whether all of the required information in the file is present, or whether the file matches OCA's XML specifications.

Justice court reports for September 2013 and beyond must use the **oca-JP-schema-v2** schema. The XML Tester at <http://xml.card.txcourts.gov> now validates against that schema, and no longer validates against the schema (**oca-JP-schema**) for reports submitted for months prior to September 2013. To validate an XML file against the old oca-JP-schema, use the XML Tester at <http://xml.card.txcourts.gov/v1>. This tester will remain available during the transition period (at least until 9/1/2013), and for some time after, at OCA's discretion.

How do I upload my XML file to OCA?

1. Login to the CARD system <http://card.txcourts.gov>.

Frequently Asked Questions – XML Report Submissions

2. Select View Electronic Submission from the main menu.

The screenshot shows the homepage for Hopkins County Municipal Court. On the left is the OCA logo featuring a scale of justice over a map of Texas. On the right, the text reads: "Hopkins County", "Municipal Court:", "Como", "P O Box 208", "Como, Texas", "75431". Below this is a row of five buttons: "Add New Monthly Report", "Monthly Report Search and Edit - New Data", "View Electronic Submission" (circled in red), "Run Report - New Data", and "Run Report - Old Data". Below the buttons are three lines of text: "To change your password, click here: [Change Password](#)", "To update directory information, please email changes to [Directory Updates](#).", and "If you have any concerns or questions about your report, please email the [Reporting Section](#) or call (512) 463-1625."

3. Click the Browse button to search for the file. Select the appropriate data file you want to upload by clicking on the filename and then clicking the Open button.

The screenshot shows the "Electronic File Submission" page from THE TEXAS OFFICE OF COURT ADMINISTRATION. The page title is "Court Activity Reporting and Directory System". It includes a "Municipal Main Menu > File Submission" breadcrumb, a "Build Version 1.1.4287.23278" and "Last Login: 10/4/2011 9:57:43 AM" status bar, and "Logout | Help" links. The main area has an "Electronic File:" label, a text input field, and a "Browse..." button. Below the input field are "Cancel" and "Submit" buttons. A "Choose File to Upload" dialog box is open, showing a file list in the "Muni_XML_Files" folder. The file list includes: "Muni XML DEC 2011.XML", "Muni XML OCT 2011.XML", "Muni XML SEPT 2011 CivilandOtherOnly.XML" (selected), "Muni XML SEPT 2011 correction.XML", "Muni XML SEPT 2011 Criminal Only.XML", "Muni XML SEPT 2011 no prepared by.XML", "Muni XML SEPT 2011 out of balance.XML", "Muni XML SEPT 2011.XML", and "Muni XML wrong courtID.XML". The "File name:" field contains "Muni XML SEPT 2011 CivilandOtherOnly.XML" and the "Files of type:" is set to "All Files (*.*)".

NOTE: If you do not know where the XML files are stored on your computer or computer network, you will need to contact your vendor or IT staff.

Frequently Asked Questions – XML Report Submissions

4. Press Submit.

The screenshot shows the 'Electronic File Submission' page. At the top, it reads 'THE TEXAS OFFICE OF COURT ADMINISTRATION Court Activity Reporting and Directory System'. Below this is a red horizontal line. The page title is 'Electronic File Submission'. On the left, it says 'Build Version 1.1.4287.23278'. On the right, it says 'Last Login: 10/4/2011 9:57:43 AM'. There are links for 'Logout' and 'Help'. Below that is a breadcrumb trail: 'Municipal Main Menu > File Submission'. The main section is 'Electronic File:' followed by a text box containing the file path 'H:\TCJDMS\New System\Testing\XML Testing Files\Muni' and a 'Browse...' button. At the bottom of this section are 'Cancel' and 'Submit' buttons.

5. Note whether the report was submitted successfully. Look for any sections marked in red as **Out of Balance**. Sections in red must be corrected, as there are errors in the report.

6. If you need to submit additional reports for a different court or court type, you will need to repeat this process, starting with logging in with a different user ID.

Frequently Asked Questions – XML Report Submissions

My report is out of balance, what do I do next?

There is an error (or multiple errors) in the XML file. The red numbers indicate where the problem is.

In this example, the Criminal section for the September report is out of balance, so it is in red.

Frequently Asked Questions – XML Report Submissions

In this example, cases pending end of month (and the subset of active cases) are out of balance, as indicated by the red numbers underneath the submitted numbers.

The screenshot shows a web browser window titled "Monthly Report Entry - Windows Internet Explorer". The address bar shows the URL: http://card.txcourts.gov/Secure/MR_Section_Municipal_Criminal.aspx?RecId=5632&CourtID=1979&Month=9&Year=2011&CombFlg=N&curSect=6. The browser's menu bar includes File, Edit, View, Favorites, Tools, and Help. The address bar shows "Convert" and "Select" options. The browser's Favorites bar includes "OCA - Report Criteria", "Office of Court Administrati...", "MSN", "Google", "Suggested Sites", "Free Hotmail", "Web Slice Gallery", and "CARD Login".

The main content area is a data entry form for "Monthly Report Entry". It consists of several rows, each with a label and a set of input fields. The rows are:

- c. After Teen Court (CCP, Art. 45.052) [0] [0] [0] [0] [0] [0]
- d. After Tobacco Awareness Course (HSC, Sec. 161.253) [0]
- e. After Treatment for Chemical Dependency (CCP, Art. 45.053) [0] [0]
- f. After Proof of Financial Responsibility (TC, Sec. 601.193) [0]
- g. All Other Transportation Code Dismissals [0] [0] [0] [0] [0] [0]
- 9. ALL OTHER DISPOSITIONS [0] [0] [0] [0] [0] [0]
- 10. TOTAL CASES DISPOSED (Sum of Lines 6, 7, 8 & 9.) 0 0 0 0 0 0
- 11. CASES PLACED ON INACTIVE STATUS [0] [0] [0] [0] [0] [0]
- 12. CASES PENDING END OF MONTH (Sum of Lines 12a & 12b.) 1 1 1 1 1 1
 Below this row, red numbers "2" are displayed under each of the six input fields.
- a. Active Cases (Line 5 minus the sum of Lines 10 & 11.) 1 1 1 1 1 1
 Below this row, red numbers "1" are displayed under each of the six input fields.
- b. Inactive Cases (Line 1b minus Line 3, plus Line 11.) 0 0 0 0 0 0
- 13. SHOW CAUSE HEARINGS HELD [0] [0] [0] [0] [0] [0]
- 14. CASES APPEALED

The bottom of the browser window shows "Done".

Although the data entry screen may show the “correct numbers,” these numbers are not in the actual XML file; they were calculated by CARD. If you press Submit, the numbers in the XML file will be replaced by the correct numbers. While this makes the report in balance, it does not solve the underlying issue with the XML file. You will need to report the errors to your vendor/IT person and have them fix the issue, or the errors will likely appear in all future reports as well.

Problems include: incorrect calculations in columns or rows, Total Cases in Age of Cases Disposed does not equal Total Dispositions, omitting lines from the XML file, and duplicating lines from the XML file.

Frequently Asked Questions – XML Report Submissions

I uploaded an XML file. The report is showing that it is out of balance, but all the numbers on the screen are correct, and the errors marked in red show the same numbers that I already see in the report.

There is an error (or multiple errors) in the XML file. The red numbers indicate where the problem is.

Although the data entry screen may show the “correct numbers,” these numbers are not in the actual XML file that you submitted; they were auto-calculated by the computer system. If the user presses Submit, the incorrect numbers in the XML file will be replaced in the database by the correct, auto-calculated numbers.

While this makes the report in balance, it does not solve the underlying issue with the XML file. The clerk must report the errors to her vendor/IT person and have them fix the issue, or the errors will likely appear in all future reports as well.

Problems include: incorrect calculations in columns or rows, omitting lines from the XML file, and duplicating lines from the XML file.

Why is my Additional Court Activity information not appearing in the Criminal section of the Statutory County Court report after I uploaded my XML file?

This information is coded in the Felony section of the XML file. If the felony section is not included in the XML file, the Additional Court Activity section will be blank in the report. (See Statutory County Court XML specifications, pages 37 through 54.) If your courts do not have felony jurisdiction, the felony XML file should contain zeroes, except for the Additional Court Activity Section.

I know I had activity last month in certain categories, but the information is not showing up on my report. Why isn't it there?

If you know there should be cases on the report in a particular category but nothing is showing, contact your vendor to ensure that your computer system is capturing the required information, that the information is coded correctly in the computer system, that you and your staff are using the system properly to capture the required information, and that the reports coming from your computer system are pulling the proper information. Always review your report every month. Do not assume that what comes out of the computer is always correct!!

Frequently Asked Questions – XML Report Submissions

Why can't I get my XML file to upload?

1. Below are some common error messages and what they mean:

Error Message	Problem
Report Category not found in dimReportCategory table	<p>The most common problems are:</p> <ul style="list-style-type: none"> • Using the XML format for a Constitutional County Court instead of Statutory County Court. • Using the XML format for the old version (prior to September 2011) of the justice court or municipal court activity report. • There are wrong line numbers in the file. <p>Your vendor/IT person needs to review file to make sure it matches OCA's XML specs posted at http://www.courts.state.tx.us/oca/required.asp.</p>
Xml File is invalid. Please verify xml format.	<p>The XML file does not meet specifications.</p> <p>Your vendor/IT person needs to correct the specifications to match OCA's XML specs: http://www.courts.state.tx.us/oca/required.asp.</p>
Court not found in dimCourt table	<ol style="list-style-type: none"> 1. The number in the Court Identifier field of the XML file is not valid – it does not match any court that we have in the database. The Court Identifier number is the same 9-digit number that the users use to log in to the system. <p style="text-align: center;">If you rule that out, then look for #2.</p> <ol style="list-style-type: none"> 2. Open the XML using Notepad. See if there is an extra space after the Court Identifier number. Delete that space, save the file, then resubmit the file through CARD.
Incorrect Court ID	<p>The Court Identifier field in the XML file does not match the user's Login ID. Correct the Court Identifier field in the XML file.</p>
An unrecoverable exception has occurred while processing the XML file. If you continue to have this issue, contact a OCA Admin.	<p>A critical piece of information is missing from the file, such as the Court Identifier, Month, or Year.</p> <p>Check the items in #2 below. If those criteria</p>

Frequently Asked Questions – XML Report Submissions

	<p>are met, your vendor/IT person needs to review the file to make sure it matches OCA's XML specs posted at http://www.courts.state.tx.us/oca/required.asp.</p>
--	---

2. Have your vendor/IT person check the XML file to make sure that the file is for the correct report.

a. Check the Court Identifier/Court ID to make sure that the correct one is being used for the report. (See chart below).

b. Check the XML schema to make sure that the correct schema is being used. (For example, an XML schema for a constitutional county court report will not work for a statutory county court report.) (See chart below.)

Report	Correct Court Identifier & Court ID	XML file should begin with:
Constitutional County Court	52xxx0001	<ROOT xmlns="urn:oca-constcounty-schema"
Statutory County Court	52xxx0000, 53xxxxxxx or 54xxxxxxx	<ROOT xmlns="urn:oca-statcounty-schema"
District Court	32xxx0000, 32xxxxxxx, or 33xxxxxxx	<ROOT xmlns="urn:oca-district-schema"
Justice Court – prior to Sept. 2011	62xxxxxxx	<ROOT xmlns="urn:oca-JP-schema"
Justice Court – Sept. 2011 and on	62xxxxxxx	<ROOT xmlns="urn:oca-JP-schema-v2"
Municipal Court	72xxxxxxx	<ROOT xmlns="urn:oca-MUNICIPAL-schema"
