Dear Mr. Ellis:

On July 12, 2013, the Texas Forensic Science Commission reviewed the complaint you submitted. The Commission unanimously voted your complaint did not merit any further investigation given the information provided. The complaint did not articulate any alleged negligence or misconduct that would substantially affect the results of the forensic analysis in question, as required by Tex. Code Crim. Proc. §38.01(4)(a)(3).

If you have any further questions, please feel free to contact our office. Thank you for submitting your complaint to the Commission.

Sincerely,

Leigh M. Tomlin
