

Nick Vilbas Notes to File

1. Per Gary Udashen & Elam's lawyer: have been working with Inger at Haris Co. on DNA testing
2. Have tested the fingernail cuttings from the victim and DNA is not Elam's
3. Currently trying to eliminate that it is only the victim's DNA under the nails.
4. Have had trouble getting a determination on that issue.
5. All evidence back at DPs to figure it out.
6. Elam is impatient but knows what is going on.
