Re: Texas Forensic Science Commission ("FSC") File No. 1126.16.01

Dear Ms. Nelson:

This letter is to advise you that the complaint you filed with TFSC has been forwarded to the recently established DNA Mixture Project because your complaint concerns a possible DNA mixture interpretation.

The director of the Project is appellate attorney Bob Wicoff in Harris County who will review the materials associated with your case. Should you have additional material that you would like to be included for his review, you may send it to the following address:

Mr. Bob Wicoff
DNA Review
PO Box 283
Houston, TX 77001

This referral is in lieu of a Commission review of your complaint. All future communications regarding the DNA issues in your case will be handled by Attorney Wicoff.

Please feel free to contact TFSC should you have any questions or if we may be of any additional assistance to you.

Sincerely,

A handwritten signature in black ink, appearing to read "Nick Vilbas", written over a white background.
