Re: Texas Forensic Science Commission ("Commission") File No. 16.33

Dear Mr. Rogers:

At its July 8, 2016 meeting, the Commission voted unanimously to dismiss your complaint for failure to state an allegation of negligence or misconduct related to any forensic analysis. Your complaint requests further DNA testing of evidentiary items, a request beyond the Commission's jurisdiction. The Commission does not have the authority to issue an opinion related to the failure to conduct DNA testing or to order DNA testing in any criminal case.

For general assistance regarding your case, you may consider contacting one of the publicly funded innocence clinics listed below:
