Re: Your complaint to the Texas Forensic Science Commission

Dear Mr. Dawson:

The Commission is in receipt of your complaint dated June 28, 2016. The Commission's jurisdiction is very limited and extends to complaints of professional negligence and/or misconduct on the part of forensic laboratories in the State of Texas.

After reviewing your complaint, staff sees no allegations concerning a forensic analysis that affected the outcome of your case. Your complaint appears to be against a hospital and law enforcement officials, neither of which fall under the Commission's authority.

As such, your allegations appear to be purely legal. I have enclosed a list of Innocence Projects operating in Texas that you may contact so that an attorney may review and advise you concerning the facts of your case and any potential legal remedies.

Please feel free to contact me if I may be of additional assistance to you. Thank you.

Sincerely,

A handwritten signature in blue ink that reads "Kathryn Adams".

Kathryn Adams  
Commission Coordinator
