Re: Texas Forensic Science Commission ("Commission") Complaint #16.54
Gulley (SWIFS; Firearms/Tool marks)

Dear Mr. Young:

At its August 18, 2017 meeting, the Commission dismissed your client's complaint in light of the fact re-analysis of the firearms/tool marks evidence in the case will be performed by the laboratory, and the attorneys involved in the case are working together to develop a process to complete the re-analysis.

The Commission also requested that SWIFS report to it any significant difference observed through re-analysis. Thank you and please feel free to contact me if I may be of any assistance.

Sincerely,

A handwritten signature in blue ink that reads "Kathryn Adams".

Kathryn Adams
Commission Coordinator
