Re: TFSC Complaint No. 17.10

Dear Mr. Boulds:

The Texas Forensic Science Commission's ("TFSC") jurisdiction is over crime labs accredited in Texas. You filed your complaint against "handling transcript" by the "12<sup>th</sup> and 506<sup>th</sup> District Courts." There is no mention of a forensic analysis about which you have allegations of misconduct or negligence; TFSC has no jurisdiction at all over the court system.

Should you have a complaint concerning a forensic analysis (such as DNA, ballistics or toxicology for example) performed in a Texas lab, I have enclosed a new form for you to submit. The referenced complaint has no forensics to put in front of the commissioners for evaluation and has therefore been dismissed.

Thank you and please let me know if I may be of any additional assistance.

Sincerely,

A handwritten signature in black ink that reads "Kathryn Adams".
