Re: Complaint to Texas Forensic Science Commission ("TFSC")

Dear Mr. Maizumi:

TFSC is in receipt of your complaint against the Kerrville Police Department. This commission is the oversight body for accredited forensic laboratories in Texas. Kerrville Police Department does not have an accredited drug chemistry laboratory and therefore TFSC will be unable to address the allegations you have made against it in your complaint.

Items articulated in your complaint ("fabrication of evidence" and the accusations against Jeff Purvis) are allegations of police misconduct. TFSC has no jurisdiction over the actions or decisions of peace officers and as such cannot pursue investigation of any allegations against the Kerrville PD.

Enclosed is a new complaint form should you wish to file a complaint concerning a forensic analysis performed by an accredited laboratory in connection with your case. Thank you and please let me know if I may be of any additional assistance.

Sincerely,

Kathryn Adams
Commission Coordinator
