RE: FSC Self-Disclosure #18.06 – DPS Garland (Forensic Biology)

Dear Mr. Mills:

At its February 2, 2018 meeting, the Commission considered the referenced self-disclosure and decided no further action is necessary based upon corrective actions taken by the lab, implementation of changes to policy concerning supervision of casework, proper notification of the affected client, and the lab's plan to review all other oral rinse sample cases.

Should the laboratory identify any material changes to the information provided or material issues in the case review, please notify the Commission as soon as possible. Please feel free to contact Commission staff with any questions or concerns.

Thank you.

Sincerely,

A handwritten signature in blue ink that reads "Kathryn Adams".

Kathryn Adams  
Commission Coordinator
