Austin, TX 78752

RE: TFSC Disclosure# 18.14 – DPS Weslaco (Forensic Biology)

Dear Mr. Mills:

At its July 20, 2018 meeting, the Commission evaluated recent information received from the laboratory concerning the referenced disclosure and determined no further action is necessary. Based upon the laboratory's responsive actions including re-analysis of the relevant cases, removing the analyst from sexual assault case work and provision of additional training to the analyst under a mentor who is an experienced DNA analyst, the Commission believes the non-conformity was adequately remediated.

If the laboratory identifies any material changes to the information provided in connection with this disclosure, please notify the Commission as soon as possible. Feel free to contact the Commission with any questions or concerns.

Sincerely,

A handwritten signature in cursive script that reads "Kathryn Adams".

Kathryn Adams
Commission Coordinator
