Re: TFSC Complaint No. 18.54; Morgan, Brandon Ray (Harris Co IFS; Toxicology)

At its January 25, 2019 meeting, commissioners voted to dismiss your complaint. Based upon the information provided in the complaint and the laboratory's response, the timing of the toxicology analysis was appropriate (6 days between evidence submission and testing).

The laboratory response included its reports and testing records. Enclosed for your reference is a letter from the laboratory director summarizing the timeline of testing performed in the case which was supported by the lab's accompanying documents.

Thank you and let me know if I may be of any additional assistance.

Sincerely,

A handwritten signature in cursive script that reads "Kathryn Adams".
