Dear Mr. Mills,

At its August 16, 2019 quarterly meeting, the Commission voted to take no further action on the referenced self-disclosure given the root cause analysis and corrective action taken by the laboratory, including revisions to the guidance document used by the technician, and notification to affected stakeholders.

If the laboratory identifies any material changes to the information provided in connection with this disclosure, please notify the Commission as soon as possible. Thank you and please feel free to contact commission staff with any questions you may have.

Sincerely,

A handwritten signature in blue ink that reads "Kathryn Adams".
