To search for your course(s) you can search by the full (or partial) name of the course title, or the full (or partial) name of the course provider. Sometimes, less is more, so a partial name search may be easier. For example, enter just the first word of the course title in the **Course Title** field. Leave all other fields blank and hit **Search**. In the sample below, we're searching for the "Ethics by Choice or By Chance" seminar by Jeff Justice Seminars. We're only entering the word "Ethics" in the Course Title field and hitting search. The course was found on page 2 of the search results. **NOTE:** You must select the exact seminar you took by clicking on the Course Title. Selecting anything else is misreporting your information. The seminar name on your certificate is the seminar you will report. Also, do not report each session of a seminar you took. Just report the actual seminar.
