Re: TFSC Complaint No. 20.16: Farmer, Tristan (No lab specified; no forensic analysis)

Dear Mr. Farmer,

This letter is to inform you that the referenced complaint was dismissed by TFSC staff for failure to allege professional negligence or misconduct with respect to a forensic analysis performed in your case.

This commission is the oversight body for accredited forensic laboratories in Texas and takes complaints of negligence and/or misconduct in connection with forensic analyses (such as DNA and toxicology testing) performed in connection with criminal cases. Issues concerning the circumstances of your arrest and indictment are purely legal and are not within the jurisdiction of this commission. Such issues should be addressed by your legal representative.

Thank you.

Sincerely,

A handwritten signature in blue ink that reads "Kathryn Adams".
