Re: TFSC Complaint No. 20.45; Rodgers, Chaz (IFL; Firearms/Tool Marks)

Dear Ms. Rodgers:

This letter is to inform you that the complaint you filed on was dismissed by Commission staff. The Commission reviewed and dismissed a previous complaint you filed with respect to the same criminal incident at its February 12, 2016 quarterly meeting. (*See* attached disposition letter.) The Commission does not reconsider previously dismissed complaints absent a material change in information involving allegations subject to the Commission's jurisdiction.

Commission staff sent your most recent complaint to NMS Labs (the laboratory that acquired IFL) for review and response. NMS highlighted some mistaken assertions in your complaint and addressed them in the attached email. NMS also addressed your new allegation, but the examiner's opinion did not change. Since there is no new credible material information in your latest complaint beyond what was already reviewed by the Commission, your most recent complaint was dismissed by Commission staff.

Sincerely,

Kathryn Adams

Kathryn Adams
Commission Coordinator
