Re: TFSC Self-Disclosure No. 20.49 - Tarrant County Medical Examiner's Office Crime Laboratory (Toxicology Evidence Handling/Packaging)

Dear Ms. Klann,

At its October 23, 2020 quarterly meeting, the Commission voted to take no further action on the referenced self-disclosure given the root cause analysis and corrective actions taken by the laboratory, including the prohibition of stapling toxicology tube packaging together, the automation of evidence labeling, and the addition of the number of tubes collected to the evidence item description.

If the laboratory identifies any material changes to the information provided in connection with this disclosure, please notify the Commission as soon as possible. Thank you and please feel free to contact commission staff with any questions you may have.

Sincerely,

A handwritten signature in cursive script that reads "Kathryn Adams".
