Re: TFSC Complaint No. 20.39; Tucker, Carry (UNTHSC; Forensic Biology/DNA)

Dear Mr. Tucker,

This letter is to inform you that the referenced complaint was dismissed by commission staff for failure to make an allegation of negligence or misconduct in connection with a forensic analysis performed in your case. The allegations made in the complaint are strictly legal and TFSC has no authority to assist.

Absent a court order to the contrary, laboratories provide results only to the client that ordered the testing. This is usually a branch of law enforcement. To forward a laboratory report or evidence to a different laboratory, UNTHSC must be asked to do so by whoever ordered testing in your case from them in the first place or by a court with jurisdiction in your case. Since you are not the client, UNTHSC cannot honor your request to send information to another laboratory about your case. This is a matter about which you should consult with your legal representative; TFSC cannot order a laboratory to do this on your behalf.

Thank you and let commission staff know if you have any questions.

Sincerely,
Kathryn Adams
