Re: Texas Forensic Science Commission (“TFSC”) Complaint 21.02: Cole, Ryan Lee
(Austin PD, DPS Austin; None Specified)

Dear Mr. Cole,

This letter is to inform you that the referenced complaint was dismissed by TFSC staff for failure to specifically state any factual allegations of negligence or misconduct in connection with a forensic analysis performed in your case. TFSC staff could not discern what kind of tests were the subject of the complaint and what exactly you perceived as wrongdoing by the laboratory in connection with them.

The general allegations and lack of specifics in your complaint were insufficient for the Commission’s review. You are free to file a new complaint providing additional information to support the allegations.

Thank you.
