Re: Texas Forensic Science Commission ("Commission") Complaint No. 21.25 -  
Brooks, Randall (Ft. Worth Police Department; Serology)

Dear Dr. Brooks,

At its July 16, 2021 quarterly meeting, the Commission voted to dismiss your complaint because the Commission does not have jurisdiction over the disclosure of information by prosecutors. The Commission is the regulatory agency for accredited crime laboratories and licensed forensic analysts and reviews complaints alleging professional negligence or misconduct related to the performance of forensic analysis. Your complaint makes no allegation concerning actual forensic testing of evidence.

Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read "Kathryn Adams".

Kathryn Adams
