Re: Texas Forensic Science Commission ("TFSC") Complaint #21.28; Nicholas, Melvin G. (No lab; No forensic discipline)

Dear Mr. Nicholas,

This letter is to inform you that commission staff dismissed the referenced complaint for failure to state any allegation of negligence or misconduct relative to a forensic analysis performed in your case.

The TFSC is the state regulatory body for accredited laboratories that perform forensic analyses in and/or for Texas criminal cases. Your complaint does not refer to any lab or forensic testing done in your case, but instead asks general legal questions that should be directed to your legal counsel. The TFSC does not answer general inquiries and may not provide legal advice to any individual.

Thank you.

Sincerely,

A handwritten signature in black ink that reads "Kathryn Adams". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Kathryn Adams
Commission Coordinator
