Re: Texas Forensic Science Commission ("Commission") case no. 19.25 Green, Jimmy D. (UNTHSC; Forensic Biology/DNA)

Dear Mr. Green,

At its August 16, 2019 meeting, the Commission voted to dismiss the referenced complaint for failure to allege any credible allegation of professional negligence or professional misconduct with regard to the forensic analysis at issue in the complaint.

The laboratory provided commission staff with a copy of the analyst's trial testimony in the case which was provided to commissioners for review. The testimony was found to comport with acceptable standards and was not found to be confusing or misleading.

Thank you.

Sincerely,

A handwritten signature in blue ink that reads "Kathryn Adams".
