Re: TFSC Complaint #19.32: Striblin, James (Bexar Co. Forensic Toxicology Lab;  
Toxicology)

Dear Mr. Striblin,

At its October 25, 2019 quarterly meeting, the Commission voted to dismiss the referenced complaint because there was no credible allegation of negligence or misconduct with respect to the forensic analysis at issue in the case. It makes only general and conclusory allegations of tampering and conspiracy. The request made for re-testing of evidence should be directed to your legal representative or the court of competent jurisdiction. The Commission has no authority to order forensic testing.

Enclosed is a list of innocence clinics located in Texas should you choose to submit your case for consideration. Thank you.

Sincerely,
