At its October 25, 2019 quarterly meeting, the Commission voted to take no further action with respect to the referenced disclosure given the corrective action taken by the laboratory including remediation training for the evidence technician, revisions to laboratory instructions and additional monitoring of work to ensure corrective actions were sufficient to prevent recurrence.

Should the laboratory identify any material changes to the information provided, please notify the Commission as soon as possible. Thank you and please contact the Commission with any questions or concerns you may have.

Sincerely,
