Dear Mr. Mills,

At its January 31, 2020 quarterly meeting, the Commission voted to take no further action on the referenced self-disclosure. Commissioners based their decision on corrective actions taken by the laboratory, changes to the laboratory's destruction process that include required verification of evidence descriptions and rescanning of submission forms relative to destruction of seized drugs.

Please notify the Commission if the laboratory identifies any material changes to the information provided. Thank you and please contact the Commission with any questions or concerns.

Sincerely,

A handwritten signature in blue ink that reads "Kathryn Adams".

Kathryn Adams
