Re: Texas Forensic Science Commission (“TFSC”) Complaint No. 21.63: Drummer, Cornell
(Bexar Co. CIL; Firearms/Tool Marks)

Dear Mr. Drummer,

This letter is to inform you that the referenced complaint was dismissed by TFSC due to the age of the case and the fact that the allegation concerning the weapon at issue in the case has been thoroughly vetted. Staff attorneys found that Bexar County records indicate the weapon was received by the county medical examiner’s office from the San Antonio Police department and that the weapon was tested.

The allegation that the weapon was not test fired was reviewed by this commission, the Bexar County District Attorney’s Conviction Integrity Unit and a court with jurisdiction in the case. All entities determined the claim to be without merit.

The TFSC will not review additional complaints about this issue. Thank you.

Sincerely,
Robert Smith
