# Public Safety Report System (PSRS)
# Prosecutor Access Request

**Senate Bill 9, 89th Legislature**

17.021 (c-1) *On request by an attorney representing the state, the \*<u>office</u> shall provide to the attorney access to the public safety report system for the purpose of allowing the attorney to access a bail form submitted to the office under Section 72.038, Government Code.*

*\* <u>office</u> is referring to Office of Court Administration*

Pursuant to the statute above, please complete a Prosecutor Access Request Form located on our website. for access to the PSRS.

Additional Information:

➢ Although the statutory provision goes into effect on January 1, 2026, OCA is accepting requests now. You can access the form at Prosecutor PSRS Access Request.

➢ You will receive email confirmation once your information has been verified and entered in the PSRS. Instructions for setting up your PSRS profile and accessing bail records will be provided on **January 1, 2026**.

➢ Per Criminal Justice Information System (CJIS) standards and requirements, all personnel with access to equipment that stores, processes or transmits criminal justice information are required to complete the Department of Public Safety **Security Awareness** training. Additional questions should be routed through your agency's Terminal Access Coordinator (TAC) and additional information can be located here CJIS Information.

➢ Already available, you may view a condensed version of the bail form online at https://topics.txcourts.gov/BailPublic#. You can search by Name, Cause #, Magistration Location or Offense. *Please note data is a full business day behind*.

➢ Please notify the OCA via the Bail@txcourts.gov when a user no longer needs access if job duties change, or they leave your agency. We rely on this notification to ensure the system remains current and compliant with security requirements.
