

Before the Presiding Judges of the Administrative Judicial Regions

Per Curiam Rule 12 Decision

APPEAL NO.: 12-011

RESPONDENT: Caldwell County Court at Law Judge Edward L. Jarrett

DATE: October 10, 2012

SPECIAL COMMITTEE: Judge Stephen B. Ables, Chair; Judge John Ovard, Judge Olen Underwood; Judge David Peeples; Judge Kelly G. Moore

Petitioner sent two emails to Judge Edward L. Jarrett (Respondent) requesting all and any information from and to: 1) law enforcement, 2) district attorney's offices, 3) county attorney's offices, 4) county clerk's offices, 5) district clerk's offices, 6) attorney general's offices, 7) family, relatives and friends, 8) attorneys, law firms and law staff, 9) judges, 10) county commissioners, 11) deputy clerk's, 12) former employees, 13) local government offices, and 14) the public.

Respondent informed Petitioner that her requests are not specific enough to identify the records she is seeking and Petitioner filed this appeal. Respondent also maintains that he has already provided Petitioner any responsive records that specifically relate to her. We agree that Petitioner's request fails to reasonably identify the records Petitioner is requesting. *See* Rule 12.6(a) and Rule 12 Decision No. 12-009. Respondent's reply was appropriate and Petitioner could have provided clarification regarding the records she is requesting.

Accordingly, the appeal is denied.
