INTERNET REGISTRATION

For the fastest and most convenient test scheduling process, PSI recommends that candidates register for their examinations using the Internet. In order to register over the Internet, candidates will need to have a valid credit card (Visa, MasterCard, American Express or Discover). Candidates register online by accessing PSI's registration website at www.psiexams.com. Internet registration is available 24 hours a day. In order to register by Internet, complete the steps below:

1. Log onto PSI's website and create an account. Please enter your email address and first and last name. This information must match exactly with the information PSI has on file. Be sure to **check the box next to "Check here to attempt to locate existing records for you in the system"**
2. You will be asked to select the examination and enter the ID# that PSI provided to you. Your record will be found and you will now be ready to pay and schedule for the exam. Enter your zip code and a list of the testing sites closest to you will appear. Once you select the desired test site, available dates will appear. If you have problems contact PSI at (800) 733-9267 for help.

TELEPHONE REGISTRATION

PSI has two scheduling methods available for those that wish to schedule by telephone. First, candidates may call PSI at (800) 733-9267, 24 hours a day and schedule using the Automated Registration System. Second, candidates wishing to contact a live operator may use this same telephone number to contact PSI registrars Monday through Friday, between 6:30 am and 7:00 pm and Saturday, between 10:00 am and 4:00 pm, Central Time, to schedule an appointment for the test.

CANCEL OR RESCHEDULE AN EXAMINATION APPOINTMENT

You may cancel and reschedule an examination appointment without forfeiting your fee if your *cancellation notice is*

You may call PSI at (800) 733-9267. Please note that you may also use the automated system, using a touch-tone phone, 24 hours a day in order to cancel and reschedule your appointment.

PSI personnel will attempt to contact you in this situation. However, you may check the status of your examination schedule by calling (800) 733-9267. Every effort will be made to reschedule your examination at a convenient time as soon as possible.

On the day of the examination, you should arrive 30 minutes prior to your scheduled appointment time. This allows time for sign-in and identification verification. NO conversing or any other form of communication among candidates is permitted once you enter the [examination area](#).

If you arrive late, you will NOT be admitted to the examination site and you will forfeit your examination registration fee.

REQUIRED IDENTIFICATION AT EXAMINATION SITE

You must provide 1 form of identification. All response keys are colored and have prominent characters. An illustration of the special keyboard is shown here. You may also use the mouse.

TUTORIAL

Before you start your examination, an introductory tutorial to the computer and keyboard is provided on the computer screen. The time you spend on the tutorial, up to 15 minutes, DOES NOT count as part of your examination time. Sample questions are included following the tutorial so that you may practice using the keys, answering questions, and reviewing your answers.

One question appears on the screen at a time. During the examination, minutes remaining will be displayed at the top of the screen and updated as you record your answers.

These comments will be analyzed by PSI examination development staff. Although PSI does not respond to individuals regarding these comments, all substantive comments are reviewed. If a discrepancy is found during the comment review, PSI and the department may re-evaluate candidate results and adjust them accordingly. **This is the only review of the written examination available to candidates. EXAMINATION DESCRIPTION

Part 1 - Sight Interpretation

You will be given **six minutes** to review and interpret a typewritten page from English into the target language.

You will be given **six minutes** to review and interpret a typewritten page from the target language into English.

The exercises outlined below will help you develop skills in sight translation. Practice them in all your working languages.

Part 2 - Consecutive Interpretation

You will be given **22 minutes** to complete this portion of the exam. This part of the examination is administered as a role-play of the questioning of a witness by a lawyer.

The consecutive portion will simulate a trial setting in which an English-speaking attorney asks questions of a witness speaking in their targeted language. The candidate will be the interpreter from English to the targeted language and from the targeted language back to English. Parts of this portion of the examination always include examples of lower register speech, including profanity and idiomatic usage.

Consecutive interpreting requires intense listening of a few sentences followed by an accurate interpretation of what was said. The interpreter will often take notes to help in the interpreting process, especially if the utterances are long. Consecutive interpreting is usually bi-directional between two languages, for example interpreting Spanish to a listener in English and then interpreting the English reply back into Spanish.

Part 3 - Simultaneous interpretation

This part of the examination is **8 minutes** long and requires the candidate to listen to and simultaneously interpret a recorded speech of a Lawyer. The candidate wears a set of headphones to listen to the recording and speaks aloud so that her or his performance can be recorded.

The speech is entirely in English, and the interpreter interprets into the target language as would be required to assist a defendant during a trial that only speaks the target language.

EXERCISES TO AID INTERPRETERS

Reading Aloud

Stand in front of a mirror and read passages aloud from any book, newspaper, or magazine. A legal textbook, code book, or other legal text is useful for familiarizing yourself with legal language. Record or videotape yourself and analyze the

outcome critically. Pay attention to your voice, pitch, tone, hesitations, signs, projection, enunciation, and posture.

Controlling Emotions

Practice controlling your emotions while reading aloud texts with high emotional content, such as fear, anger, humor, etc. Make sure you convey the author's intended emotions and not your personal reaction to the subject matter.

Public Speaking

Practice speaking before a group of people at every opportunity. People you know will constitute a less threatening audience and will allow you to ease your way into public speaking and build your confidence. Court interpreting is an ongoing exercise in public speaking.

Extensive Reading

Build up your reading speed and your vocabulary by reading as much as possible in many different fields.

Analyzing

Analyze the content of each text and practice picking out the subject and verb to determine the core meaning.

Example: Although less influential than in Argentina, migration from Europe in the late nineteenth and early twentieth centuries affected the development of Chilean political culture. Subject: migration; Verb: affected.

Simultaneous Skills

The following exercises are designed specifically to build the dual tasking skills involved in simultaneous interpreting. They should be practiced daily for about a half hour at a time. Simultaneous interpreting skills must be acquired over time to allow for maximum familiarity.

First

Have someone record passages from magazines or newspapers on tape, or record radio or television talk shows or interview programs (news broadcasts are not suitable for these exercises because the pace is too fast and the content is too dense). The subject matter of these passages is irrelevant, but it should not be too technical or contain too many statistics and proper names. Essays and opinion columns are good sources of texts for recording. As you play back the tape, "shadow" the speaker: repeat everything the speaker says verbatim. Try to stay further and further behind the speaker, until you are lagging at least one unit of meaning behind.

Second

Once you feel comfortable talking and listening at the same time and are not leaving out too much, begin performing other tasks while shadowing. First, write the numerals 1 to 100 on a piece of paper as you repeat what the speaker says (make sure you are writing and speaking at the same time, not just writing during pauses). When you are able to do that, write the numerals in reverse order, from 100 to 1. Then write them counting by 5s, by 3s, and so on. Note what happens whenever numbers are mentioned in the text you are shadowing.

Third

When you are able to do exercise 2 with minimal errors, begin writing out words while shadowing. Begin with your name and address, written repeatedly. Then move on to a favorite poem or a passage such as the preamble to the U.S. Constitution (always choose a passage in the same language as that which you are shadowing). When writing this text, you should copy from a piece of paper placed in front of you. Do not try to write the passage from memory while shadowing the tape.

Fourth

ORAL SCORE REPORTING

Your oral examination will be graded at the next grading session for this language. Please do NOT contact PSI for your examination results. PSI's role is only to administer the oral examination. PSI will not have any information regarding your oral examination score. Spanish examinations are graded several times a year and other languages are graded once a year. This process usually takes several weeks. Once scored, your results will be mailed to you.

LICENSE DESIGNATION

To be licensed as a court interpreter, each applicant must pass all three parts of the oral examination.

MASTER

To achieve a Master designation license, you must score at least a 70% on each part of the oral examination. The Master designation license allows you to interpret court proceedings in all state courts in this state, including justice and municipal courts.

The Basic designation license will allow you to interpret court proceedings in justice and municipal courts that are not municipal courts of records, other than a proceeding before the court in which the judge is acting as a magistrate.
